The Contra Costa County Clerk-Recorder-Elections Department announces commitment to growing global cybersecurity success by becoming a Cybersecurity Awareness Month 2022 Champion.

Building on annual success Cybersecurity Awareness Month 2022 is set to highlight the growing importance of cybersecurity in our daily lives and look to empower everyday individuals and business to take cybersecurity steps by making cyber more accessible.

September 29th, 2022 — The Contra Costa County Clerk-Recorder-Elections Department today announced that it has signed on as Champion for Cybersecurity Awareness Month 2022. Founded in 2004, Cybersecurity Awareness Month, held each October, is the world’s foremost initiative aimed at promoting cybersecurity awareness and best practices. The Cybersecurity Awareness Month Champions Program is a collaborative effort among businesses, government agencies, colleges and universities, associations, nonprofit organizations and individuals committed to the educating others on online safety.

About Cybersecurity Awareness Month
Cybersecurity Awareness Month is designed to engage and educate public- and private-sector partners through events and initiatives with the goal of raising awareness about cybersecurity to increase the resiliency of the nation in the event of a cyber incident. Since the Presidential proclamation establishing Cybersecurity Awareness Month in 2004, the initiative has been formally recognized by Congress, federal, state and local governments and leaders from industry and academia. This united effort is necessary to maintain a cyberspace that is safer and more resilient and remains a source of tremendous opportunity and growth for years to come. About National Cybersecurity Alliance
The National Cybersecurity Alliance is a non-profit organization on a mission to create a more secure, interconnected world. We advocate for the safe use of all technology and educate everyone on how best to protect ourselves, our families, and our organizations from cybercrime. We create strong partnerships between governments and corporations to amplify our message and to foster a greater “digital” good. National Cybersecurity Alliance’s core efforts include Cybersecurity Awareness Month (October); Data Privacy Week (Jan. 24-28th); and CyberSecure My Business™, which offers webinars, web resources and workshops to help businesses be resistant to and resilient from cyberattacks.
